

**ORDER**

(21)

The Para 1.2.3 of State Water Policy, February 2010 of Rajasthan envisages that "Future and existing irrigation and multi purpose projects will include a drinking water component, wherever there is no dependable alternative source of drinking water. The policy of conjunctive use of water will be followed."

In view of the above, it is enjoined upon all concerned to ensure that drinking water reservation as per local requirement is made in all the existing Projects and project wise orders are got issued at the level of Government. For future Projects, such reservation be included at the planning stage, while prescribing the water reservation for drinking water in a particular project, the drinking water requirement for reservation be calculated after taking into account the conjunctive use of available water resources.

  
Chief Engineer and  
Additional Secretary to Government  
Water Resources Department  
Jaipur
