No. F20 (49) IWMP/WDSC/PFC/2015 /2202-2541

Dated: 04/02/2016

**CIRCULAR**

DPRs of IWMP projects are prepared in first two years of the project whereas the project period is 4 to 7 years and during implementation it has been felt that the community demand changes especially for activities proposed under production and micro enterprises component and even in NRM component. The impacts of activities vary from project to project and there is need to shift from less impacting activity to the ones which are more beneficial. The implementing agencies/farmers come across new innovations/practices which need to be up scaled. The changes are also due to circulars issued from time to time or due to change in guidelines and also due to change in BSR from time to time. Due to all these aspects the DPRs need to be revised.

As per the decision taken in IX meeting of SLNA held on 7.12.2015 SLNA has approved delegation of powers to Technical Advisory Committee (TAC) and to chairman (collector) WCDC as per details given below:

**(1) Approval of revisions in DPR from WCDC**

- (i). The changes are due to circulars issued from time to time or recommendation for inclusion of an activity/activities by State/Central Government
- (ii). Due to change in guidelines
- (iii). Reduction in physical targets due to change in BSR from time to time.

**(2) Approval of revisions in DPR from TAC**

- (i). Change in NRM component activities due to shift from less impacting activities to the ones which are more beneficial. For this kind of changes the impact analysis of activities need to be enclosed.
- (ii). The implementing agencies/farmers come across new innovations/practices which need to be up scaled can be added.
- (iii). Change in number and type of activities benefitting individual beneficiaries will require the list of beneficiaries.
- (iv). If there is change in name of beneficiary the concurrence letter from beneficiary whose name has been deleted needs to be placed before TAC.
- (v). If an activity is to be completely deleted from the DPR
- (vi). Change in site after recommendation from chairman WCDC

**Approval of changes as per above delegation may be sought from competent level before executing the work.**

  
**(Anurag Bhardwaj)**  
**Commissioner**
